SUMMARY

I am a dedicated Information Technology student with a solid understanding of software development and programming. I have hands-on experience with programming languages such as basic Python, Java, web development tools, and database management systems. Motivated by a desire to grow within the software industry.

PROJECTS

- **ROCK-PAPER-SCISSOR**

I used HTML, CSS, and JavaScript to create a game called Rock, Paper, Scissors, showcasing expertise in front-end web development and interactive user interfaces.
https://github.com/kuntalaVinaykumar/Rock-paper-scissor-game.

- **CURRENCY CONVERTER**

I demonstrated to expertise in front-end web development and API integration by creating a currency converter web application that uses HTML, CSS, and JavaScript to provide real-time exchange rates for several nations. https://github.com/kuntalaVinaykumar/currrency-converter.
